Procedure No.	CS-301-PR	Division	Corporate Services
Supersedes	n/a	Board Policy Ref.	GP-A-103
Related Policy	CS-301	Effective Date:	July 7, 2016 (R1)

PROCEDURE

At the beginning of the fiscal year, the Corporate Services Division will review the tuition fees that are applicable to all full-time programs. Based on budgetary requirements, a recommendation will be submitted to the Board of Governors for a tuition fee that will become applicable at the commencement of the next academic year.

Once the Board of Governors has approved the proposed tuition fee, the Vice-President Corporate Services and Chief Operating Officer will communicate this information to Headquarters and the campuses.

Exceptions to this policy may apply in the event of an unusual set of circumstances when a program is deemed to be necessary in a campus, district, or region, and is not able to be delivered at the standard tuition fee. When a campus encounters a situation that fits in this category, discussion and collaboration should occur at the District Administrative Team level. If it is deemed by the Team that the situation should be given consideration for an exemption to this tuition policy; a proposal should be submitted to the Senior Vice-President of Academics and Chief Learning Officer. The proposal should clearly present need; how the need has been determined; an explanation as to why the proposed program could not be incorporated in the campus operating plan; and any other relevant information justifying the request. No plans to offer the program; e.g., recruitment, advertising, etc., shall proceed without receipt of formal approval.
