PURCHASING DEPARTMENT

General

1. Inquiries before tendering should be directed in writing to the official whose name is shown in the appropriate box on the tender form and firms should quote the tender number on any correspondence. In the case where a tender envelope has been sent to the bidder, do not use the tender envelope for inquiries because tender envelopes are not opened before tender closing time. All requests for tender award prices should be in writing and sent to the purchasing department.

2. Responses by fax will be accepted, however the College will not be held responsible for errors or omissions in fax transmissions. Responses may be sent by facsimile, using the official tender forms, to 709-643-7971. Bids by facsimile are accepted for the convenience of the Bidder. A Bidder submitting a Bid by facsimile does so at their own risk. Tender documents submitted by facsimile must be received "in full" at the College of the North Atlantic, Purchasing Department, by the specified closing time. Bids received late, or not received completely by the closing time will not be considered. Documents in transmission after the closing time will be considered late tenders. Bidders are responsible for ensuring their Bid, however submitted, is received on time at the specified location. All responses must be received before the exact closing time and date indicated. Responses received after that time will not be considered.

3. In the case where tender envelopes are used, tenders must be submitted on the official tender form in sealed envelopes, showing the closing time and tender number and delivered before the closing time to:

8. It is understood that the tender offer will remain open for acceptance by the College for a period of not less than 30 days from the closing date of tender, unless otherwise indicated herein.

9. Firms must satisfy themselves that the item on which they are tendering is available for delivery on the date they specify on the tender, as such a quotation is legal and binding.
