Introduction

College of the North Atlantic Awards Program provides a significant contribution to the education of our students through the encouragement and recognition of high scholastic performance and by providing a measure of assistance to those who may experience financial difficulty in completing their programs of study.

These awards are made possible by the generous contribution of our donors, who represent numerous organizations, companies and individuals and whose support is the very foundation of our awards program.

This handbook describes the types of awards available and the specific criteria for each. It also provides a section that describes awards offered at each campus, as well as a section that outlines awards that are provided at the provincial level. Students in qualifying programs at all campus locations compete for provincial awards.

For further information, please contact the person responsible for your campus awards program or the Provincial Chairperson. Please refer to the committee membership section of this brochure for a list of awards representatives.

Please read carefully the General Information section of this brochure. College awards are subject to change or cancellation without prior notice.

This handbook is also available on our web site at "<http://www.cna.nl.ca/awards>".

Ed Norman Memorial Scholarship

The Lower Mainland Newfoundland and Labrador Heritage Society was registered as a non-profit society in British Columbia in 1995. One of its main purposes was “to become active, visible and involved in the community by making financial donations to charitable causes such as the establishment of a Scholarship/Bursary Fund or other worthy causes as approved by the membership”. The society would have socials, fundraisers and receive donations from private individuals to raise monies. Soon after the Society’s formation, the members chose to have funds set aside to be used for Scholarships. In 1999, Ed Norman joined the society. Using his expertise as a lawyer, Ed, along with other committee members, drafted guidelines and protocol for the Society’s Scholarship Fund.

On January 12, 2000 Ed Norman died suddenly at the age of 47. As a young person, Ed lived in Port Union, Trinity Bay and moved to St. John’s when he was 13. After high school, Ed completed his undergraduate degree in political science at Memorial University and in 1976 completed his law degree at Dalhousie University. For his hard work, dedication and love for the Province of Newfoundland and Labrador, the Society renamed the fund The Ed Norman Memorial Scholarship Fund. The Lower Mainland Newfoundland and Labrador Heritage Society takes great pride and pleasure in donating this scholarship to College of the North Atlantic to help assist a deserving student in their studies.

A devoted mother and dedicated worker, Stephanie Cormier Chaisson was a born leader. As president of the parent committee of École Notre-Dame-du-Cap for many years, she was an inspiration to teachers and students. Planning and organizing activities, meals, outings and fundraisers came naturally to her, sometimes dipping into her own pocket to ensure equality among all implicated. When her children were involved in sports, she encouragingly attended all events and led in the fundraising for any field trips or celebrations.
